How to print

• Print on US Letter (8.5 x 11 in) at 100% / "Actual size".
• For markers or gel pens, use heavier paper (24 lb or more) and put a spare sheet behind the page you color.
• Each design sits inside a safe margin, so it prints without clipping on most home printers (on A4, choose "Fit to page").
• Print as many copies as you like for your own use.
